Sonoma Participates In Jubilee

CORNERSTONE OF NEW ST. FRANCIS CHURCH TO BE LAID

Prominent Catholic Clergymen Will Come to Sonoma for Event Next Sunday, May 27th.

Next Sunday, May 27th, has been selected as the date for laying the cornerstone of the new St. Francis church in Sonoma. Th ceremonies will be most impressive and will take place at 3 o'clock in the afternoon. Rev. Father Cassidy, pioneer beloved priest of St. Rose's parish, Santa Rosa, will lay the cornerstone as the special representative of Archbishop Hanna. Rev. Father Fleming of St. Raphael's church, San Rafael, will preach an eloquent sermon appropriate to the occasion.

The church, which is of true Mission style architecture, replaces the frame structure burned down last summer. Furnishings for the imposing new edifice, including the altars, have already arrived and the bell, the gift of Sam Sebastiani, is expected to be here in a few days.

The cost of the new church is over $30,000 and it will be one of the finest and most distinctive Mission type churches in any parish north of the bay.

Rev. John F. Byrne has done splendid rehabilitation work since the fire and his untiring efforts have won him compliments from dignataries in the church and also from his parishioners.

A MUSEUM OF RELICS AT OLD VALLEJO HOME

Mrs. L. V. Emparan, daughter of the late General Vallejo, is busy arranging, at the old home, a museum of California pioneer relics which will be thrown open to the public shortly. The chalet, that attractive old building which was shipped here from Sweden for General Vallejo and set up in the early days, will house the collection.

Many interesting heirlooms and other relics of California are being gathered together for the museum and Mr. Barron of the de Young museum in Golden Gate Park will come up and arrange the collection.

A nominal charge is to be made to the museum and it bids fair to be a decided asset and attraction for our historic city.

Mrs. L. Monroe formerly of this place died at the home of her daughter in Napa Friday of last week.

Deceased was 70 years old and a native of Arkansas. She resided for years with her husband and children west of town and shortly after her husband's death removed to Napa.

She is survived by six children, one son, H. H. Monroe of Oregon; and five daughters, Mrs. Jake Schumaker of Chico, Mrs. Myrtle McGill, Mrs. Madalene Morrison and Mrs. Adeline Converse of Napa.

BAD CHECK ARTIST ARRESTED BY DEPUTY

Tom Magnan, 26, for a short time a resident of Sonoma valley, was arrested by Deputy Sheriff Joe Ryan and taken to the county jail on a bad check warrant from San Francisco. He was held until San Francisco officers returned him to the metropolis.

Isabel Harvey Is the Bride of Roy W. Poole

Former Sonoma Belle Weds Prominent Young Business Man of Southern California.

Word comes from San Bernardino of the wedding of Mrs. Isabel Harvey daughter of Mr. and Mrs. William Trudgen or Sonoma, and Roy W. Poole, prominent young business man of Southern California.

The ceremony was a quiet one, performed by Justice Belden of Cucamonga on May 5th. The wedding was to have taken place here at the home of the bride's parents, but an automobile accident in which Mr. Poole had a narrow escape caused a change in the plans of the young people.

The bride is a young woman of charming personality and spent her girlhood here in the Valley of the Moon. Her chic appearance and vivacity has made her a social favorite and friends will be sorry that she is to make her permanent home so far from Sonoma.

Artistic apartments in San Bernardino were fitted up for the newlyweds Mr. Poole's business being in that city. He is the junior member of the firm of C. A. Poole & Son, feed and fuel dealers and is prominent in fraternal circles. During the world war Mr. Poole was in the commissary department, stationed at Camp Kearney. He is a member of the Elks and the American Legion.

The bride who had been the guest of Mr. and Mrs. W. E. Vaughan, aunt and uncle of Mr. Poole, looked very attractive as she left their home for the wedding ceremony, so the San Bernardino paper states, attired in a handsome frock of gray Canton crepe with suede pumps and stockings to match, a hat in similar tone, with a touch of blue, and a corsage bouquet of lilies of the valley and Cecil Bruner roses.

A honeymoon trip has been deferred owing to the groom's recent accident, but in the fall the young couple plan a trip north when the Elks bowling team, of which Mr. Poole is a member, plays in the state contest. They will then visit with the bride's folks here.

MOTHERS' DAY IN SONOMA

Almost 100 attended the beautiful and impressive Mothers' Day exercises at the Congregational Sunday School last Sunday.

MEET BROTHER FRANK

If you run across a perfectly good friar, bald pate and all, during the coming week, you will know he is none other than Brother Frank H. Muller, personal representative of the Indx-Tribune's Mission Centennial edition.

Miss E. Wirtz, talented artist, is drawing the cover design for the big special edition which will be issued on June 30th.

NEW MANAGER FOR P. G. & E. COMPANY

The operations of the properties of the California Telephone and Light Company, which was recently taken over by the Pacific Gas and Electric Company, will be under the management of H. G. Ridgway, who has for many years been manager of the North Bay Division of the Pacific Gas and Electric Company.

The California Telephone and Light Company will become a portion of what is known as the North Bay Division of the Pacific Gas and Electric Company. The territorial districts heretofore defined by the California Telephone and Light Company will be retained, both as to personnel and boundaries.

In Sonoma District, which has been in charge of R. W. Garrison for some time, there will be no change.

Decorated Cars, Spanish Cavaliers and Senoritas Represented Valley of the Moon.

Sonoma Valley and the coming Mission Centennial were well represented at the Burbank Jubilee on Thursday, th opening day of the big fete in Santa Rosa. Several gaily decorated cars bearing banners and filled with fair senoritas and old fashioned girls, left here early Thursday morning for the City of Roses. In one car R. R. Emparan, looking illustrious in a brand new crop of whiskers of the General Vallejo type, sat beside the maid of honor to Santa Rosa's queen, Miss Rose Arreola, whom he escorted to the fiesta. In the other cars were Director Reir in a handsome cavalier's costume of broad cloth, gold lace and velvet and a bevy of charming maids and matrons, some in Spanish and others in pioneer costume.

The Sonoma delegation was very cordially received at Santa Rosa and made a decided hit everywhere. The pretty lady-in-waiting to Queen Dorothy Seawell was escorted to headquarters and will remain in the Burbank city throughout the rule of her majesty, doing the honors of the occasion.

The Santa Rosa celebration is reported by the Sonoma visitors to be a splendid affair and it is expected that many Sonoma Valley folks will attend, particularly today and tomorrow. The historic pageant will be presented for the last time tomorrow afternoon.

VALLEJO'S MEMORY HONORED TODAY

Solano county's historical pageant takes place today at Benicia. It will tell the story of Solano's history and several hundred people will participate in the cast. General Vallejo and his wife, Benicia, after whom the cities of Vallejo and Benicia are named, will be represented in several of the beautiful dramatic episodes.

Episode II—Vallejo

Out of the Mist of the Past, Memory returns to Solano county; the dance of the Ocean, led by Neptune and Amphitrite, Queen of Waters.

Chief Solano and his Indians cross the hill at the back. They are going to Sonoma to the church. The personification of the church in the form of a Roman Catholic priest and the padres, appear on the opposite hill. The Indians proclaim themselves as Christians. General Vallejo, with Benicia, his beautiful wife, and the Spanish soldiers, approach the stage. Gen. Vallejo and Chief Solano walk to a hill from which General Vallejo sends his men to search the shores for pearls and gold.

General Vallejo:

Pearls may lie along the shore, but awaiting
Hands to string them! Gold!

(Then General Vallejo prophecies to Benicia the coming of the city of Vallejo:)

And the years are not far distant, my Benicia,
When the sea and the distant hills shall bring forth a city—
A Eureka—an Eden beautiful!

Benicia (catching the spirit):

Or perchance if Visions come true,
The stately City of Vallejo!

General Vallejo (as the vision passes before him):

When first shall rise the Spirit of Progress,
Seeking and always finding the Bond of Brotherhood!
The Prophet with a prayer upon his lips!
The Leader mighty with his Visions true!
The workers of the town,
With shoulders to the never-ceasing wheel!
And the Children—
Playing with the world, their toy.
And far beyond, the Sea God.
Rough and gentle, sweet and stern!
And she (enter Amphitrite the Queen of Waters,
Who brings the gift of Commerce,
A navy, to our city;
And Art in deep communion with the Spirit that binds man to man!

Benicia:

Oh, dear, this but a vision!

General Vallejo:

A Vision that shall come to pass, my Benicia.

(The Spanish soldiers, returning from their exploration of the shore, are met by an Indian, who, tarred and feathered, pretends that he is an Indian witch. He tries to frighten the men and thus prvent their exploring farther, but the soldiers lasso him. General Vallejo comes to the rescue.)

General Vallejo:

Do not harm him, my men.
All this land is ours and they are ours
To Christianize, to civilize, and to utilize in this, our country!

(Dressing the Indian in bright Spanish clothing, to the admiration of the Indian and the amusement of the Spaniards, he releases him. Chief Sofano with resignation, accepts the General's phophecy.)

JASPER HALSTEAD DIES

Jasper D. Halstead, who has been a resident of the Vineburg section for the past 10 years, died at his home there last Sunday.

COSTUME PARTY AT JACK PICETTI HOME

The spirit of the centennial was every where in evidence at the delightful afternoon meeting of the Flying Needles Wednesday, the Jack Picetti home being the place of meeting. Mrs. Picetti entertained also in honor of her wedding anniversary and the artistic home was festive with many lovely flowers and quaintly and gayly garbed guests

Mrs. C. F. Miller, 84 year old mother of Mrs. P. Erazmus came to the party in a hand made dress she had fashioned for herself in Ohio when she was sweet sixteen. Five year old Jaenette Dakan, grand-daughter of Granville Harris, wore a little dress which had been made for a little girl 50 years ago.

Mrs. Erazmus donned a linen cap woven 120 years ago by her great grand-mother.

Mrs. Perle Hunter and Mrs. Jack Picetti wore quaint colonial costumes while other club members appeared in the colorful dresses of the Spanish.

The children looked particularly sweet in costume, June Picetti being a picture in the pantalets and full skirts of a past generation.

A beautiful wedding cake, decorated by Mrs. Rubke of Vineburg and other delicious refreshments were served by the hostess during the afternoon.

Miss Ethel Evans, who will be one of Sonoma Valley's fair June brides, was the motif of a delightful afternoon recently at the home of Mrs. H. F. Bates. A shower was arranged by the hostess for her young friend and many and beautiful were the gifts received—hand painted china, embroideries, linens, and artistic work of various kinds.

During the afternoon the guests, numbering more than 20, sat down to a dainty repast at a table decorated with a kewpie bride, flowers, and a shower cake.

A very delightful time was enjoyed by all.

Miss Evans will be married to David Potter at the home of her aunt and uncle, Mr. and Mrs. George Breitenbach. The young folks will make their home in Vallejo, where Mr. Potter is employed at the navy yard.

PROGRESS OF IMPROVEMENTS IN SONOMA

The rebuilding of the Sonoma House block by Sam Sebastiani is progressing nicely and the new stores will soon be ready for occupancy. The adobe walls of the building are the only thing left of the original structure and they have been plastered over and a beautiful stucco front with plate glass windows will make the block one of the most attractive in town.

The bakery of O. Ruefli, adjoining the Pinelli building has been enlarged and improved, the store now presenting a very fine appearance. New cases shelving, counters and linoleum add to the attractivness.

The completion of the belfry of the new St. Francis church shows the true Mission design of this handsome edifice. The roof is now on and is ready for the Spanish tile which will complete the mission style of architesture of this concrete structure. The interior of the church will soon be ready for the plasterers.. The new church will seat over 400 people.

The Valley National Bank which is making handsome and substantial improvements on the ground floor of the former Bulotti building, now has its massive vault built by Contractor Pete Basaglia. It is a fine piece of work. The front is being remodeled for new style plate glass windows and the interior finish will be in white marble. The building will be ready for occupancy by July 1st.

Rev. William Short of Santa Rosa will hold services at the local Episcopal church tomorrow at 7:30 p. m.

CONGRESSMAN KAHN OF SAN FRANCISCO VISITS IN SONOMA

Distinguished Californian Guest at the Country Home of Mr. and Mrs. M. Schweitzer Here.

Congressman Julius Kahn who has ably represented San Francisco in Washington for the past 25 years, was in Sonoma Valley the last week end, a guest at the beautiful country home of his friends, Mr. and Mrs. Melville Schweitzer.

Congressman Kahn took the opportunity of calling on Robert A. Poppe while here, having known Mr. Poppe's parents when they were engaged in the merchandise business in Sonoma many years ago. The Congressman was then only a boy 13 years of age and was employed in a commission house in San Francisco which the Poppes transacted business with. Later in his career when he became prominent in politics, Kahn met Robert Poppe at a political conclave in San Francisco. He recalled that it was a meeting of the Hayes Invincibles.

Congressman Kahn is highly regarded at Washington and took a prominent part in rehabilitation work for San Francisco after the earthquake, in the promoting of the Panama Pacific Exposition, in the World War when he was chairman of the Congressional Committee on Military Affairs and has since been prominent in reconstruction work.

The company's huge manufacturing facilities are being utilized to the utmost in an endeavor to increase the daily output so that dealer's orders may be filled as quickly as possible.

Jim Burke, formerly of Sonoma and a son of the pioneer Burke family, accompanied by his wife, were San Franciscans registered at Agua Caliente Springs over the week end.

Elmer Owens, the accommodating chief clerk of the Tavern, at Verano, startled El Verano by rushing breathless into Mullen's store. The cause of all the haste was as follows: Elmer was on his way to get the morning paper, with head down, thinking of his various and multitudinous duties of the day, when he bumped into a swarm of bees which had settled on a low, overhanging limb in the shade of an old apple tree. The bees, resenting the disturbance, starter after Owens and Owens started for the store, and, although his sprint will go down in the annals of the village, Elmer failed to develop sufficient speed to prevent several bees stinging him. The local bee doctor was notified and the bees were immediately captured.

A. E. Lundstrom, it is rumored, has sold his poultry ranch in the Lewis Tract to parties from Los Angeles.

Sunday the Barbarians, fast San Francisco bush team, invaded Boyes Springs to cross bats with the local valley team. A large crowd of fans were on deck when the ump cried play ball. The local boys could not solve the curves of the visiting pitcher, and were shut out. The score at the close of the ninth inning was 6 to 0 in favor of the Barbarians. Next Sunday a fast team from St. Helena will play the home team at Boyes.

Mrs. K. Lombard spent several days at her beautiful Sonoma Valley home, returning to San Francisco on Tuesday.

L. Bertelotti, Sonoma baker, is the proud owner of a new 1923 Star car, purchased from our local agent, G. Locarnini, of the El Verano Garage.

How to figure the cost of burning a 50 watt electric globe for 1 hour

A 50 Watt Globe is so named because it uses 50 Watt hours of Electricity in one hour. As it takes 1,000 Watt Hours to equal one Kilowatt Hour (K.W.H.)—the unit of Electrical measurement—it follows that a 50 Watt Globe must burn 20 hours to consume one Kilowatt Hour (K.W.H.) of Electricity.

Ask to see the Rate Schedule for your community on file at the P G and E office and divide the rate per Kilowatt Hour (K.W.H.) by 20. This will give you the cost (less than ½ cent) of burning a 50 Watt Globe for one hour.

You Can Screen Out Summer Insect Pests

YOU CAN DESTROY the breeding places of Flies and Mosquitoes, as well as trap and kill many of them—and you ought to do so. But there will still be enough of these pestiferous insects left to make summer comfort out of the question if you don't screen them out of your home.

Flies and mosquitoes work in relays; flies by day and mosquitoes by night; and then there are the moths and other night flying insects. Your only protection from their assauults is screening of windows, doors and porches.

The annoyance caused by flies and mosquitoes is reason enough for screening them away from folks; but that is a trifle compared with the terrible losses in health and life they cause as carriers of disease.

You must screen early because a single last year's left-over female fly can populate a whole neighborhood. Mosquitoes are also prolific.

Better let us measure your windows for screens today; doors, too, of course. And you'll be wise to make a summer room of that porch by screening.

We are at your service and we'll do the job right; but remember, flies and mosquitoes start early in the Spring and work fast.

LET US HEAD THEM OFF FOR YOU WITH SCREENS

Sheehan, secretary of the State Congress of Mothers and Parent-Teachers' Associations; Mrs. George Keil, newly elected president of the Second District, Mrs. W. A. BOOZE IN OLD MADRID? O. K. THERE, BUT NOT HERE

Booze may be permissable in old Madrid, but not in the new Sonoma Valley cafe of that name, declare local officers who have sworn out a warrant charging Billy Boitano with selling the illicit stuff and having it in his possession.

This is the first buy the deputy sheriff has alleged on a resort place in Sonoma Valley and the charge is so serious that it is a superior court case, according to the Wright Act.

Boitano, who opened his new place last week and fitted it all up with swell velvet carpet and everything, says it's not all velvet by any means, this conducting a resort in 1923.

The Madrid was formerly called Killarney and was bought by Boitano's mother, who changed the name to tuneful Spanish, as the Killarney was formerly raided by federal prohibition agents. Changing the name from Irish to Spanish did not seem to change its luck.

Boitano will have his preliminary hearing next week. He is represented by Attorney Wallace Ware.

SUNDAY GUESTS AT DR. THOMSON'S HOME

Mrs. John Hewston, Miss Birdie Thomas, Miss Harriet White and Arthur Wheeler of Corte Madera were guests of Dr. and Mrs. A. M. Thomson Sunday last. Mrs. Hewston is married to a son of Brigadier General Hewston, who organized the National Guards of California.

The party motored to the old Valleo home where they were joined by Mrs. Emparan, after which they visited the Springs and the golf club.

Later in the day Dr. Thomson entertained his guests and the family at dinner at the Toscano Hotel.

WILL VISIT IN SOUTHERN CALIFORNIA

Mr. and Mrs. J. Newkom of Broadway left this week for a visit in Southern California where Mrs. Newkom's sister resides. The latter has a beautiful orange grove near Los Angeles, and here the Sonoma visitors will enjoy their vacation. It is Mr. Newkoms first visit south, so he is very anxious to compare the country with our own beautiful Sonoma Valley.

CONGRESSMAN C. F. LEA GOING TO ALASKA

Congressman Clarence F. Lea, who is going to Alaska with the Secretary of War and the Congressional party on the 27th, spoke here at the High School Friday of last week. He gave an illustrated talk on Washington, D. C., which was not only instructive but very interesting.

Mrs. Lea will also go to Alaska with the party.

Among local golf enthusiasts are Dr. A. M. Thomson and Frank Wedekind, who were seen on the links last Sunday. Both are members of the Valley of the Moon Golf Club.

ALL HAIL LUTHER BURBANK

Santa Rosa's big festival is on and the City of Roses and hundreds of visitors are rightfully paying homage to the great plant wizard and scientist, Luther Burbank, at the Golden Jubilee.

Sonoma County and California gen erally are proud of Mr. Burbank and his marvelous creations. All honor to him!

Santa Rosa, his home city, has in Mr. Burbank its greatest asset. He should be the outstanding figure and motif of any jubilee centering around that locality. A community which is the laboratory and workshop of a Burbank needs nothing better to commend it, nothing additional to blazon its name upon the roll of fame.

While all Sonoma County is proud to boast of its romantic background and other attributes, Santa Rosa needs no background upon which to built its future—a back yard in the land of Burbank means more to homeseekers than anything else, particularly to the homeseeker who loves his flowers, his garden and the soil which will bring to fruition the fruits of the earth. A city lot in Burbank's town Santa Rosa, should be worth more than in any other city in California. If Burbank were as fully appreciated there as he would be in Southern California, if he were given the place in the sun he so richly deserves, Santa Rosa would need no carnivals or theatrical pageants to bring the world to her doors.

And all Sonoma County would benefit by her fame and success and rejoice in it.

FOOD VALUE IN BOTTLED BEVERAGES

Through the extraordinary increase in the consumption of bottled carbonated beverages by the American public during the past few years, one of th principal duties of the Bureau of Chemistry, U. S. Department of Agriculture, has come to be the supervision of the industry to insure wholesome products put up under sanitary conditions. While enforcement of the pure food and drug act is an important duty of the Bureau, it works on the theory that an ounce of prevention is worth a pound of cure, according to J. W. Sale, in charge of the Bureau's water and beverage laboratory.

"Consumption of bottled beverages, says Mr. Sale, has reached a point where it has become a part of the daily life of the American people to an extent rivaled by few other products. This is not due alone to the fact that such beverages are highly palatable, but they also contain important food properties, satisfying the appetite and meeting the food needs of th body at the same time."

Lovers of the famous Ward's Crushes may be surprised to know that the food content of a single six ounce bottle of any one of these delicious drinks is n t less than 112 calories. It is this food value that make these crushes so refreshing and delicious.

PINE STRAWBERRIES GROWN IN VALLEY

Wednesday morning R. J. Ricks & Son, of Oak Cottage, Agua Caliente, brought three baskets of strawberries to this office which were the finest we have ever seen grown in Sonoma Valley. For size, color and flavor, these strawberries could not be equalled anywhere in or out of California. The berries were grown on Ricks' ranch adjoining the Morris and Heggie properties and no irrigation was required for their production.

Sonoma evidently has a future as a strawberry producing section, judging by what the Ricks family's patch can produce.

We recommend PACIFIC Plumbing Fixtures because they have never been excelled in quality by any brand in the entire world, and cost no more than inferior brands.

pay less and get more in lubrication

It is a fact, that the "body" of Zerolene follows the changing piston clearances of the automobile engine more closely than other oils, no matter what price they sell at.

Zerolene, made from selected Naphthenic-Base Crude piped separately to the refinery, and manufactured by our exclusive high-vacuum process, resists heat better, forms less carbon, and consequently *the car lubricated with it will run from 25% to 50% farther* without having valves or cylinders cleaned.

Zerolene reduces friction and wear to a greater extent than any lubricants we have seen and tested, or been able to produce for the automobile.

Insist on Zerolene—even if it does cost half as much.

WOMAN CLAIMS FRAUD IN ESTATE

Asserting fraud in depriving her of money due her from the estate of her son, Guiseppe Garoni, and undue influence exercised upon her son by Eva Garoni at the time of his death, Mrs. Martina Forne filed a petition in the superior court seeking removal of her daughter-in-law as administratrix of the estate of Guiseppe Garoni.

The mother's petition asserts she is being fraudulently deprived of her share in he estate, which is claimed to have a value of $18,000 and against which she has a claim of $7500.

Her petition also cites that her son'*s wife exercised undue influence upon him in the making of a deed giving her the property the mother should have had. Her son was weak in mind and body some time prior to death, she asserts, claiming that Eva Garoni exerted her influence in an improper manner to secure the ntire property for herself.

Attorneys W. F. Cowan and A. W. Hollingsworth of Santa Rosa represent the petitioner.—S.R. Republican.

Walls that make you "sing at your work"

ISN'T it wonderful what a little paint will do? How it seems to flood the room with sunlight, sweep it with breezes, and leave you singing over the dreariest, "drudgiest" task a kitchen can know!

For finishing every part of the kitchen there is a Fuller product just suited to its needs. Fuller's Washable Wall Finish can be kept clean by occasionally wiping with a damp cloth. For woodwork, there is Silkenwhite Enamel or Decoret, and for floors, Fuller's Rubber Cement Floor Paint.

And the nicest part is that you can easily do the work yourself and enjoy it thoroughly.

For 74 years W. P. Fuller & Co. has been producing paints, varnishes, enamels, wall finishes and stains. A local dealer has them. Our Service Department will gladly give you advice and mail a little "Home Service" booklet without charge. Whatever your painting need, W. P. Fuller & Co. makes a paint for the purpose.

THE UNIVERSAL CAR

Announcement of Interest to Millions of Families

"I will build a car for the multitude," said Henry Ford in 1903. Read how the fulfillment of that prophecy is made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the FORD the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy motor car ownership. During the past fifteen years over 7,500,000 Ford cars have been placed in the homes of retail customers—more than a million and a half of them within the past twelve months—and yet there are millions of families who are hopefully looking forward to the day when they can own a Ford.

And Now the Way Is Open

Under the terms of this plan you can select your Ford car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks, where it will draw interest. Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford Dealer. He will be glad to explain the details of the plan and help you to get started toward the ownership of a Ford Car.

Paint for this house less than $21.00

IT takes but 5 gallons of *Certain-teed* paint for two good coats on a house like this (30' x 35'). That means less than $21 for the paint. When you consider the high cost of building today and how little paint it takes to protect the dollars now invested, can you afford to put off painting? Whether house, garage or interior work, come in and let us estimate the paint it takes. Our estimates always call for *Certain-teed*. When you dip in a brush and start to spread, you know why we recommend it.

WE recommend Certain-teed because it gives our customers more for their money. Our experience is that Certain-teed has more body and wears longer than ordinary paint.

Gum-Dipped Cords
Gaining New Fame for Service
194% Sales Increase in Last Six Months Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the results in economical mileage of the Firestone process of double gum-dipping. The buying-swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the big taxicab fleets Firestone-equipped. Watch the new cars you see—just from the factories; Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

Get the maximum extra mileage that only the Firestone name assures you. Only by insisting on this name can you be sure of getting the genuine gum-dipped construction.
